

Validation Training Institute Newsletter

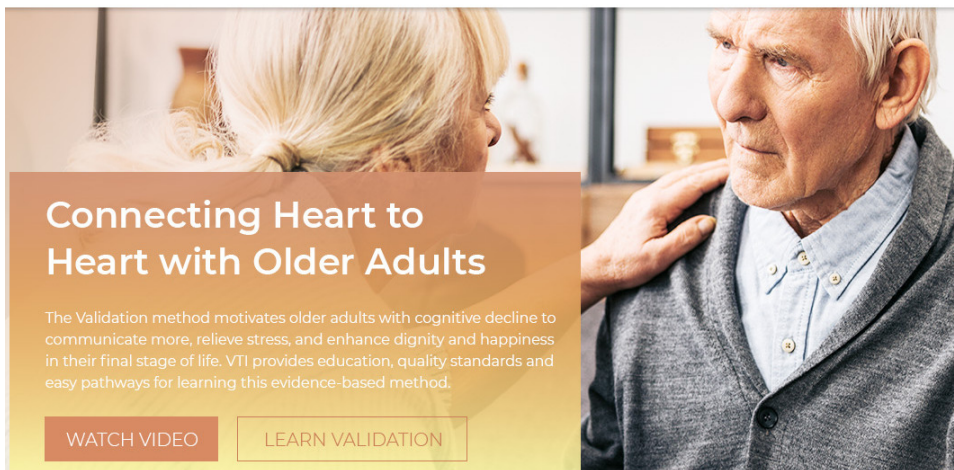

June 2019

Announcing the launch of our newly designed Validation Training Institute (VTI) website: June 3rd

We are so proud of the collaboration between the design team, Twig Interactive, and VTI staff in creating a website that is attractive, intuitive, easy to navigate and offers all the information and

Connecting Heart to Heart with Older Adults

The Validation method motivates older adults with cognitive decline to communicate more, relieve stress, and enhance dignity and happiness in their final stage of life. VTI provides education, quality standards and easy pathways for learning this evidence-based method.

support our visitors expect.

The new colors, font, text and design are reflective of VTI's mission and Validation principles. We hope you feel the combination of warmth and professionalism. [Click here](#) to read the blog.

Together We Can Make a Difference

We are all working so hard to change the culture of care for elders and those living with dementia. We have changed language and practices, we have written and read many books, attended numerous trainings and workshops and we know and have seen that all those steps on the journey have made a difference. And yet doesn't it seem that we still have

so many people to reach and so much to do? [Click here](#) to read the blog by Penny Cook, MSW, President & CEO, Pioneer Network.

Happy Birthday to AVO Caritas Vienna!

We are six month old and that's worth a celebration! In November 2018 we joined the team of VTI and established the AVO Caritas Vienna. We are so happy to play a part in something that increase the life quality of people with dementia. [Click here](#) to read more...
