English

Certificates are given to those who complete the training.

Learn how to use empathy and Validation techniques to enter the world of the disoriented very old person.

Validation, developed by Naomi Feil in the 1970s, is the original, evidence-based method for communicating with older adults living with dementia. It is taught in 13 countries by over 400 certified teachers.

Your Facilitators:

Nancy Brown

Oran Aviv

Nancy and Oran are Certified Validation teachers. They each have over 15 years of experience working with people living with dementia. Both Nancy and Oran teach Validation Workshops worldwide.

Practical Validation training includes:

- 3 training sessions (four hours each)
- 2 supervision/coaching sessions (four hours each)

Participants Will:

- Learn specific Validation techniques to communicate
- Understand the various reasons for behavior of very old people living with dementia
- Experience the process of empathy and develop empathy with others
- Be able to connect with disoriented older adults easily and build positive relationships

The webinars are interactive and require participants to have hi-speed internet, a functioning camera, microphone and speakers. It will be held on Zoom video conferencing.
